FOREWORD

T THIS all-important point in our lives, we, the Class of 1943, look with happy memories to the past, and with anticipation to the future. We now leave this noble institution behind, with its traditions which have become familiar to us during our stay. Here we supplemented our elementary education, and prepared our minds and bodies for the great unavoidable struggles through an uncertain world.

We of the present graduating class face even greater hardships, for our country has been plunged into a devastating war which affects one and all. Most of us perhaps shall be called upon to fight for our country and in a truly patriotic way, with real Aquinas spirit, we shall assume this task gladly, for Christ said, "Render to Caesar the things that are Caesar's, and to God the things that are God's." Perhaps some shall even be forced to sacrifice their lives that those who survive may live in peace.

For many of us, our formal education is over, when we leave Aquinas. We have the satisfaction of knowing that we possess a precious possession—a twelve-year-long Catholic education. Many also will continue to study in college to prepare themselves for a profession or a religious life. Whether we enter into the former or the latter, we will always need the assistance of God's help to overcome our difficulties and to remedy our reverses. We must pray that we will not waver in our faith through the influence of any who come in contact with us, perhaps in some secular college, more surely during our future careers.

This, our own yearbook, portrays life at Aquinas during the past year. Its constitution may be somewhat inferior to those of former yearbooks, because of the difficulty in getting materials during a war, but its representation of the work of the Class of 1943 will bring back many happy memories in the years to come.

DEDICATION

HIS YEAR WE, the graduating class of 1943, have chosen a new method of dedicating our yearbook, in that it will be a three way, military dedication.

First, we wish to dedicate the "Arete" to all our graduates now serving in the Armed Forces of the United States. To you who are fighting that this land may remain free and that a democratic civilization may survive, we desire to express our sincere loyalty and admiration. We realize that your life is not an easy one, but one that is filled with hardships and prospects of death. We uphold you as the true Aquinas fighting men who have heard the call of your country and have so valiantly rallied to the cause with such sincere patriotism.

All the Aquinas seniors of our class of 1943 who have not waited to be called to active duty, but who have volunteered their service and are now fighting for Uncle Sam, we next wish to be the recipient of this dedication. You have given up all of your friends and your easy going home life to fight for what you think is right and to protect everything that you have left behind, your home, your family, your friends, and your democratic way of life. Aquinas is indeed proud of you young men, and all the members of your class are behind you in hope and prayer that victory will soon be ours.

Finally we wish this senior annual to be dedicated to Brigadier General Francis Patrick Mulcahy, a graduate of Cathedral High School, the forerunner of Aquinas, who demonstrates an excellent example of a success in life. One of the first flying Marines of this country he was decorated with the Distinguished Flying Cross in World War I for courage and valor in dropping off supplies to a detachment that had been cut off. Just before this war had begun, he led an observation tour over many spots now famous in this global struggle, such as Hawaii, Wake Island, Midway and India. At last reports he was on the West Coast training young Marine flyers out of the richness of his own full experience.

General Mulcahy, your exemplary life is one of which we are proud and also one from which we can learn that success in life comes only through incessant struggle and labor. We hold you up as a model from which we may mold our lives, and we salute you as a man who has risen to the top through his own endeavors and resources.

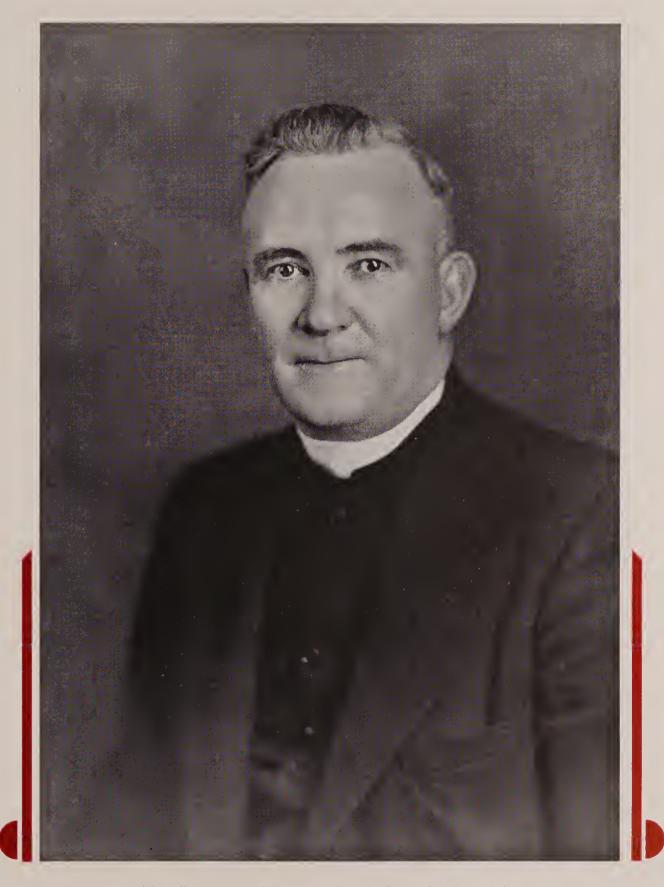

The Most Reverend James E. Kearney, D.D.

SSIONS

MISSION UNIT

MISSIONS

THE SMALL group huddled closely about the meager fire. It was cold; they were cold; it seemed as if the whole world was one vast coldness. On closer inspection it was seen that the tallest of the group was a missionary and the rest were thin, ragged Chinese children. The priest was speaking:

"Maybe in the next town, it will be waiting," he said with a wearied voice.

"Aye, maybe it will," agreed the eldest of the children.

As morning came the small group arose stiffly and trudged slowly down the winding road. The priest looked at this pitiful group and thoughts, unpleasant thoughts began to course through his mind.

"What if it weren't there," ran through his brain again and again. "They should come through. I should have faith in them."

Suddenly he was startled by a swiftly running man.

"It's here! Father, it's here!"

With tears of joy streaming down his face, the missionary took the letter and opened it with trembling fingers. Yes, this was it. The check had come. The boys of Aquinas had again turned the tide of starvation away from his little group.

Yes, fellows, you really came through in the past year. You have set a precedent for the Aquinas Missions that's going to be pretty hard to beat. In spite of the absence of paper drives and mission mixers you have doubled your offerings of last year.

In the beginning of the year, many fellows thought that for the Missions this was going to be just another year. They started off with the idea that they would equal last year's offerings and no more. But Father Haffey had picked a committee that was not satisfied with that idea.

MISSION DISCUSSION GROUP

The collections committee headed by Bill Echter joined forces with Dick O'Brien's men on the publicity committee and kept the whole school mission-minded throughout the entire year.

And, fellows, you were really mission-minded. On all mission events you showed your loyal support one hundred per cent. The football sold better than ever before. The Christmas card sale was a complete success. Our Mission variety show was seen by all; which donated an ample supply of money to the Missions.

Thus it was throughout the year that the whole mission plan met with glorious success. To add to these achievements, Mission Day, usually a great day in the year here at Aquinas, surpassed all expectations for which you "Men of Aquinas" can justly be proud.

Now to the man who headed these Missions, smiling Jim Sullivan. I don't think that all these enterprises could have been in better hands. Jim was the go-getting type of leader who would let no obstacle stand in his path. To him we can only say a short, "thank you" from the bottom of our hearts for the splendid leadership he has shown.

Primarily, however, the credit for this success should go to the man who started things rolling in the beginning of the year. For many years in the past he has been an inspiration here at Acquinas. That man is Father Haffey. Untiring in his efforts he has in every way tried to make a successful drive for the Missions. I'm sure that all over the world there are missionary brothers, sisters and priests blessing the name of Father Haffey and Aquinas because every year help has come for the continuation of their work with the funds that you "Men of Aquinas" have donated.

In closing, I might say a word or two to the underclassmen. Now is the time to start thinking about next September. Resolve, now, to make the Missions bigger and better next year. And in keeping with the times, I might close with a slogan, "Keep 'em saving, for the Missions."

A PERPLEXING PROBLEM

HERE IT WAS... the crisis. Bill sat there rigid. Could he do it? Should he even bother to try? It wouldn't be very easy, he knew. But still, how could he surrender without even trying? He recalled that his older brother Chuck hadn't surrendered when he faced the great test there on Guadalcanal. He and the other Marines who fought there may have been afraid. They were outnumbered by the enemy and they knew it. The odds were all against them from the start. But they wouldn't admit defeat; they had too much courage.

With an example like this to follow Bill knew he shouldn't be a coward. But still . . . he hesitated.

Maybe it wasn't really cowardly. Maybe he was just looking out for his own best interests. Maybe he was being sensible. After all if he took the easy way out, no one would know. The choice he made would be his own secret. There'd be no criticism if he chose the simpler solution. Only he would know what he'd done.

Then he remembered his other brother, Jerry. He remembered that he could still be living at home, working on his defense job. But no, of his own accord, he had suggested a system that minimized his importance there in the plant. Voluntarily he gave up his 3-A deferment. No one would have known if he had kept his idea secret. No one would have criticized if he had chosen the easy way. But he was honest. He chose the hard way, the way that put him in 1-A, the way that took him away from his family, away from his bigmoney position and put him in the \$50-a-month ranks. That was the American way.

"No," Bill decided, "I wouldn't be smart or sensible if I chose the easy way. I'd just be a plain ordinary cheat." And he hated himself for even considering the dishonest, cowardly way. How disgusted Chuck and Jerry would be with him! They had done their part to keep him on the right track. They thought their growing brother was "quite the kid." Mother and Dad would feel pretty bad, too, if they suspected that he was on the verge of forgetting all the fine principles they had taught him.

The more he thought, the worse he felt.

Then, "Snap out of it, Bill," he ordered himself. "You're not doing any good sitting here like a dope, bawling yourself out. You deserve it, I know, but this is the time for action, kid. Come on, get busy." With that he set to work. Sure, it would have been easier to copy the Algebra homework from the paper one of his classmates had lost. But he wouldn't do it. He'd solve the problem himself, if it took all night.

The Aquinas Music Department has lived up to the high standard set up in previous years. The present conflict has changed the theme of our music to more patriotic arrangements. The Senior and Junior Bands, Glee Club and Maroon and White Swingsters have combined their efforts toward fulfilling their patriotic duty and have provided the greatest of listening pleasure to all.

Aquinas students must not overlook the fact that without the diligent supervision of Mr. Raymond J. Hasenauer these achievements could not have been attained. Throughout his many years of teaching at Aquinas he has built for it a widespread musical reputation. Mr. Hasenauer has succeeded in developing the kinetic musical ability of all students musically inclined. Band members and students alike deeply appreciate his untiring efforts.

The Senior Band this year changed its entire football season program to an entirely patriotic routine. Each football game was dedicated to a different branch of our service with respective songs and field drills. Later on the Band was called on to play at the dedication of the new Navy recruiting office. Then came the concert season and preparation for the annual Spring Concert which required many long hours of work. One of the main events occurred when the Senior Band played at the Catholic Schools at War Victory Rally in the Eastman Theater. All its undertakings were successful this year.

This year's Junior Band deserves attention. Although its performance this year was limited it was not due to inefficiency, but rather a shortage of time. The Band has showed its ability to supply great musicians for vacancies left this year.

Nothing cheers up a depressed person more than festival songs, especially when sung by the Aquinas Glee Club. Throughout the past year it has given brilliant performances. It was at its best at the patriotic assembly in February. They sang several patriotic selections with the finest harmony and rhythm yet produced by any Aquinas Glee Club. Featured at the Spring Concert they also gave a brilliant recital.

"There aren't any blues in Europe and the blues don't come from Asia, they're American. Someday they'll be a major part of this great nation's culture."—Woody Herman. It would be difficult to find words which better describe the status of swing music in this country.

We at Aquinas pride ourselves in having a fine swing band. Originated four years ago, it has attained city-wide recognition as a "solid" outfit. Certainly it deserves applause for its fine entertainment at dances and assemblies and for the valuable assistance it has given to the mission unit.

And so, in the eyes of the musician, this year was certainly a notable success for Aquinas, producing a musical program as glorious if not more so than any of the past.

"YOUNG APRIL"

THE 1942-43 presentation of the annual school play was splendidly enacted and graciously received by the student body of Aquinas and their friends.

Chosen and directed by our very competent director Mr. E. J. Dolan was the entertaining three-act comedy "Young April" by Aurania and William Rouverol. The cast was selected from among the students of Aquinas and the girls of Nazareth and Mercy High Schools.

The adolescent life of Terry and George McIntyre, played respectively by Joan Keenan and William Burke, is the theme of the play and the situations into which these children of Professor and Mrs. McIntyre get themselves as they fall in and out of love form a very humorous story. The entire scene of the play's three acts is laid in the patio of the McIntyre residence in Northern California and much credit is due to the Aquinas "Stage Crew" for their ingenious skill in building the beautiful set which was one of the finest yet seen in the history of Aquinas dramatics.

The majority of the cast were newcomers to the Aquinas stage and in spite of their lack of experience they portrayed their parts with great finese and unusual naturalness. The supporting roles of Dutch and Pete, two friends of George McIntyre's were artistically portrayed by two of the more seasoned actors of the Aquinas dramatic scene, Lawrence Quigley and Robert Ginna. The female cast of the play was excellently acted by such prominent Mercy students as Marilyn McCarthy, Patricia MacDonald, Constance Curran, and Marilou Gronell. The girls from Nazareth were also well represented by such talented thespians as Joan Keenan and Betty Schiller. The very difficult character

part of Professor McIntyre was acted very ably by Arthur Curran and the other male roles were enacted as well by Thomas Loewenguth, Kenneth Sleyman and Thomas Keenan. Ruth Hyde, June Ereth and Arline Dugan did very well as the supporting female cast.

The musical entertainment of the evening was provided by the Aquinas Senior Band under the capable leadership of our prominent Director of Music, Mr. Raymond J. Hassenauer.

"EVER SINCE EVE"

On Tuesday and Wednesday evenings, March second and third, the Senior Class of 1943 made its final fling in the way of stage production, and it was a fling that will live long in the annals of dramatics at Aquinas.

The play was a guaranteed success from the first rehearsal because, as in past years, it was flawlessly directed by Mr. Edwin J. Dolan. At the curtain call the members of the cast and the stage crew publicly presented Mr. Dolan with a briefcase as a token of their appreciation of his supervision of dramatics at Aquinas.

This comedy of modern collegiate life of the younger set has its setting in the Clover house in Preston where the cast, chosen from the Senior Class of Aquinas and the students of Nazareth and Mercy High Schools, vividly and humorously portray life in a small town. A newcomer to the Aquinas stage Bill Bromley as "Johnny Clover," editor of the school paper, the "Penguin," manages to get himself entangled in the web of troubles of Susan Blake, played by Doris Metzger, who appoints herself associate editor and Betty Gleason as "Betsy" her assistant.

Then up from the deep South comes "Lucybelle Lee" accentually enacted by Gerrie Dentinger who quickly and expertly causes plenty of heart trouble for "Johnny" and his pal "Spud" Erwin, alias that famed thespian, Robert Ginna, who vie for the privilege of taking her to the school dance. To make things worse for Johnny and Spud they are suddenly stricken with the measles and Susan takes it upon herself to edit the school paper. The results of her efforts on the other members of the cast instigate many a laugh for the audience.

Mrs. Clover, not at all a stranger on our stage in the person of Marilyn McCarthy, is ably supported by her husband William Kraft. Talent was also displayed by such personalities as Kenneth Sleyman, Arthur B. Curran, Jr., and Lawrence Quigley, all veteran thespians. Last but not least Dorothy Tevels very capably portrayed the part of Martha Willard.

Thanks should be expressed both for the hard work of the stage crew and the invaluable musical assistance of the Maroon and White Swingsters.

THE AQUINAS WAR EFFORT

It seems that whenever something fails to go over right this year the proverbial excuse is the war. But all kidding aside, Aquinas is really doing its part for the war effort. You don't think so? Just get a load of this.

We have two special courses to help our fellows who will soon enter the Armed Forces. Namely, a radio class conducted by Father Kehoe and an aeronautics class under the direction of Father Willett.

The radio course provides a basis for work as a radio operator or technician. The students learn the many and diversified parts of several different types of radios. They also learn their special uses and how to repair them, if this is possible. In all it is a study of elementary radio and electronics. One valuable military asset is the instruction on the sending and receiving of Morse Code.

The aeronautics class is, in general somewhat like the pre-flight training or ground schooling given Naval and Army Aviation Cadets. It deals with the parts that make up a plane, how they act to control its motions, and the plane's power plant or engine. The theory of aerodynamics is taught and explained in detail. One learns how to read instruments, which enables him to know his position and how the engine is running. Navigation and meterology are also taught.

Closely related to this is the group building model airplanes. These planes are used by the Army and Navy in the instruction of Cadets. Building them is a slow and tedious process because they must be precise to the smallest degree.

As in other high schools throughout the country, Aquinas has a Victory Corps. Because of the lack of information as to what to do, not too much has been done about this as yet. Along with this there is the Physical Fitness Program. No doubt every one has, at one time or another, been over the "Commando" course on the campus. Perhaps some of you may have even had the good fortune to come through this ordeal without anything more serious than a few bruises.

And don't let anyone tell you an Aquinas man isn't smart. No sir, every day he invests his money in War Stamps and Bonds. The Missions are buying War Bonds this year, too.

One of our more enterprising seniors, Jim Deisenroth, organized a group of students and teachers to give blood to the Red Cross. They are all ready to give again whenever they are permitted to do so.

The most heroic, however, are those who have left school to defend us against our agressors. Perhaps some of them may not return, but we will always have them in our hearts and prayers. Yes, they shall not have died in vain. Their deaths will be avenged by other Aquinas men, some of whom may be attending this school now.

These are but a few of the many things Aquinas is doing for the War Effort.

CATIONS ONS

THE MAROON AND WHITE STAFF

Preamble to the Constitution of the Maroon and White

It shall be the duty of the school paper, the Maroon and White, to publish all news of school interest; to create and express school opinion; to express in writing and ideals, the true Catholic journalism; to act as a means of unifying the school; to encourage and stimulate worth-while activities; to increase school spirit; to act as a medium for student suggestions for the betterment of the school; and to aid in developing right standards of conduct and to act as the historian of the school.

During the four years we have attended Aquinas, the Maroon and White has accomplished all its objectives. When we entered Aquinas as Freshmen, we were informed through the school paper of the many activities and programs which were sponsored by the school. The next year as Sophomores, we began to take a little more interest in the paper, for it served as a source of relaxation and amusement. As Juniors, we first took part in its editing and publishing. Finally in our fourth year, we Seniors have taken over completely the responsibility of publishing the Maroon and White. Due to the unique talent of the capable staff, the paper has continued on its road of success, and has an excellent record on which to gaze many years hence. The year has passed quickly and it now becomes essential to turn over to the Class of '44 the task of running the school paper. To them we leave these parting words: "Follow the intentions of the preamble, and your Maroon and White can be nothing but a success."

THE AQUINADER STAFF

AQUINADER

Enjoying its most successful year, the Aquinader played an important part in fostering mission-mindedness among the students by recording the many mission activities peculiar to the school. This paper, the official organ of the Aquinas Mission Unit, aided greatly to produce the best mission year yet experienced at Aquinas.

Besides dealing with all the affairs of the Mission Unit, it also covered the various homeroom activities and the work of the Catholic Students' Mission Crusade. The Aquinader also featured events which took place among the students, noted poems by David Greene, letters from the missionaries whom the Unit has assisted, and a highly rated humor section.

This great year of 1942-43 brought the Aquinader into its own light as a mission paper. Mostly due to the arduous work of James Donovan, the Editor-in-Chief, who was notably assisted by Donald Karal, Frank Stadler, Bernard McGlynn, Norman Ladd, Albert Renzi, Lorne Brooks, and William Schoepfel, it enjoyed widespread popularity.

With these capable men, the Aquinader became as a paper, a great success, which future years will find exceedingly difficult to match.

LESSON IN DEMOCRACY

You, who for one instant
Doubted the courage of the American youth,
Doubted the bravery of Catholic youth,
Come with me to the plains of Africa;
There I will show you blood,
American blood! Aquinas blood!
Soaked into foreign soil,
Shed in the cause of freedom.

Or follow me, if you dare
To the fringes of Guadalcanal
That I may show you real courage,
American courage! Typical Aquinas courage!
See that lad crouched in the fox-hole
Thanking God Almighty
For the combat training of the army
And the moral training of Aquinas.

Let us return, now, to America, to Aquinas; Look beyond the walls into the classrooms; Watch democracy at work. You are watching the American youth Learning the code that they must follow, Preparing themselves to take up the fight Of their Aquinas brethren, Ready to die in the fight for LIBERTY.

DEO GRATIAS!

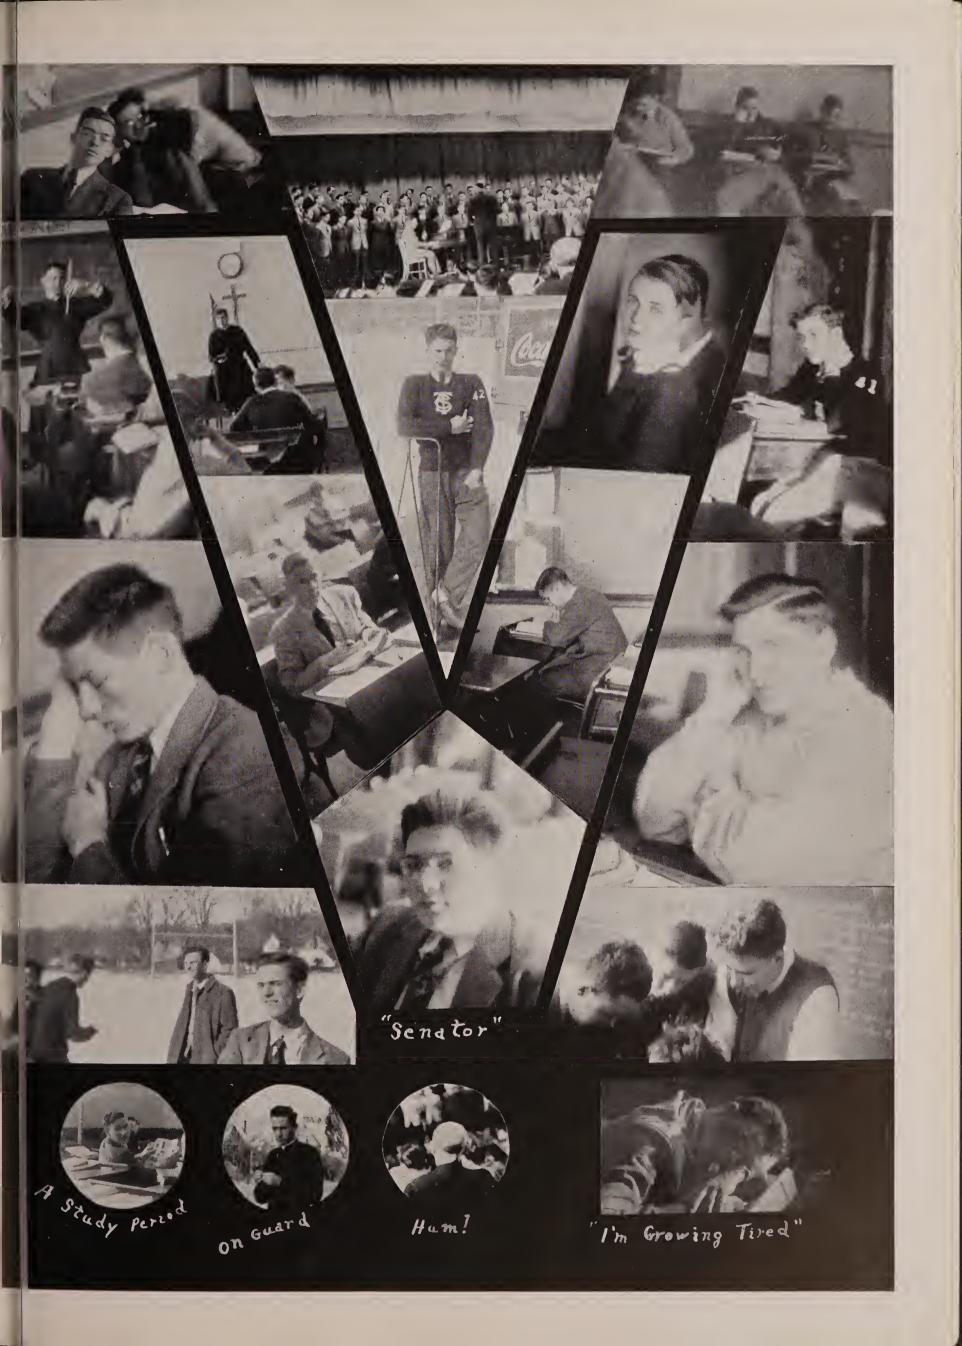

For years we've lived on without fear; We've had our parents always near To soothe our hurts, to give us cheer.

For these we thank Thee, God!

A wealth of knowledge we have gained; Good traits of living we've obtained And reputations yet unstained. For these we thank Thee, God!

We wished to flee and run and hide From fierce temptations at our side; For all of these Our Saviour died. For this we thank Thee, God!

MULETIDE GREETINGS

Proceeding along the muddy, but well-paved streets of downtown Belgian Congo, Erasmus, our faithful, but absent-minded mule, is inspired to garnish the back of a gendarme's lap with his hoofs. Climbing into the branches of a nearby shoe tree, we rescue the marked victim in our new butterfly net, which we carry for just such emergencies. Upon resuming his sun glasses and his dignity, the injured one vociferously demands information regarding our identity and our ultimate destination; his words might be translated as, "Who do you think you are and where do you think you're going?" Having pacified the man with a string of red beads, we proceed slowly, but at a rather moderate pace. Dodging taxis (a predatory animal common to this area) Erasmus delicately picks his way through the fog to the golf course where a few young Eskimo children are studying Arabic in the sunshine. As we struggle on through the blinding snow, it becomes apparent that we shall never reach the trading post in time to redeem our No. 17 coupon, but by starting our auxiliary Diesels, we are able to make better time until we strike a land mine. This, being highly explosive, causes some extensive damage to our mule, not to mention ourselves. As a matter of fact, we never did reach our mansion, but then who cares what the readers digest anyway?

Ed. Flynn flunked his driving test because he told the examiner that the white line in the middle of the road was for bicyclists!!!

भंद भंद भंद भंद भंद

We overheard one of those one-way telephone conversations the other day. It went something like this . . .

Telephone operator: "Is this Gen. 4751-R?"

Subtle Stude: "It shore is."

T.O.: "Is this the Smith residence?"

S.S.: "It shore is."

T.O.: "Long distance from Washington."

S.S.: "It shore is."

* * * * * *

Billy "Bones" Burke, when called up for his draft examination, was told to read a chart.

"What chart?" asked Bill.

"Just sit down in the chair and I'll show you," replied the officer.

"What chair?" returned Bill.

Deferred because of bad eyes, our boy went to a movie and when the lights came on he was startled to see the officer who examined his eyes in the seat next to him.

"Excuse me," asked Bill, as calmly as possible, "Does this bus go to Pittsford?"

Old Lady: "Aren't you ashamed to be smoking a cigarette?"

Bernie McGlynn: "I sure am, but what's a fella gonna do when he ain't got the price of a cigar!"

We wish to apologize to Jim "Vampire" Deisenroth for the anemic condition of some of our illustrious Seniors, but even the Red Cross can't expect a stude to have any blood left in his body after those mad 8:55 sprints from bus to homeroom (or office, as the case may be).

* * * * * *

Mrs. Marling: "I made this cake all by myself."

Mr. M.: "Fine, but who helped you lift it out of the oven?"

* * * * *

The good Father Sheehan has resorted to posting signs in the cafeteria. Here are a couple of his better ones . . .

"Please don't insult the help . . . students we can get!!!!!"

"Students are requested not to mistake our spoons for medicine . . . They are not to be taken after meals!!!!"

* * * * *

When Ed Skelly's mother brought him to Aquinas as a Freshman she gave his homeroom teacher a long list of instructions . . .

"My Ed is so sensitive," she explained, "Don't ever punish him, but just slap the boy next to him. That will frighten Ed."

* * * * *

John Marsielje was reprimanded by Father Murphy thusly . . .

"John, aren't you ashamed that you kicked O'Connell in the stomach?"

"It's his own fault, Father . . . he turned around !!!!"

* * * * *

And then there was the day Bill Cavanaugh was called to the office . . . Shaking with school spirit, Bill entered and was ceremoniously presented with a beautiful gold plaque with alarm clock attached . . . He became the first permanent member of the E. T. C. (Eight-Thirty Club).

* * * * *

From a usually reliable source we hear that Father Donovan has adopted the following motto . . .

"A hair on the head is worth two in the brush."

* * * * *

In recognition of their unique talents, we have prepared a list of awards for several outstanding Seniors . . .

To Johnny Church . . . a telephone call to relieve those lonely evenings at home.

To John O'Connell . . . a pair of running shoes for those lunch hour sprints.

To Tony Termotto . . . a green eye shade for those friendly little games.

To Johnny Costigan . . . a pair of football pants so he can bring the others back to school.

To Bill Riley . . . a priority rating for gold chains.

To John Marsielje . . . a copy of "How to Grow Up" by Prof. Y. B. Short.

To Ed Flynn . . . our Chemistry book to start up his Pep Rally bonfire.

THE AMERICAN FLAG

When Freedom, from her mountain height,

Unfurled her standard to the air,

She tore the azure robe of night,

And set the stars of glory there;

She mingled with its gorgeous dyes,

The milky baldric of the skies,

And striped its pure, celestial white

With streakings of the morning light;

Then, from his mansion in the sun,

She called her eagle bearer down,

And gave into his mighty hand,

The symbol of her chosen land.

Flag of the free heart's hope and home,

By angel hands to valor given;

The stars have lit the welkin dome,

And all thy hues were born in heaven.

Forever float that standard sheet!

Where breathes the foe but falls before us.

With Freedom's soil beneath our feet,

And Freedom's banner streaming o'er us?

FOOTBALL

As another successful year of Aquinas athletics draws to a close and we find our country at war, we look ahead at the part that we must inevitably play in our country's fight for her ideals. It is with a confidential feeling that we, who have had the privilege of participating in sports here at Aquinas, look to what lies before us. For through the training we have received from coaches of the highest caliber and through association with these coaches and everyone connected with athletics here, we have been prepared in more than the very essential physical aspect. We have been endowed by a will to win that has marked Aquinas teams since their very beginning and whether we be on the football field, the basketball court, or on the battlefield this same spirit will see us through—to victory—the spirit of Aquinas' fighting Irish.

AQUINAS VS. AUBURN

Coach Johnny Sullivan's Fighting Irish opened its 1942 season with a smashing victory over an outweighed, outmanned Holy Family team from Auburn by a 37—0 score. Little Bill Reynolds accounted for three touchdowns himself. The first came after running alternately with Paul Riedman to the three yard line; Reynolds scooted his own right end on a tricky buck lateral which sent him across standing up. Bob Cannan bucked over center for the additional point. The same buck lateral and a fake pass by Reynolds added twelve more points to the Maroon cause. Gilligan, Fuller and Walz accounted for six points apiece. Especially effective on offense were Bill Reynolds, Paul Riedman and Don Diehl while Bob Foley and Bob LaVigne showed their driving power on defense.

37---0

AQUINAS VS. OSWEGO

Playing a substitution game in place of Corning Free Academy which found transportation impossible because of the war, the Aquinas gridders triumphed over the hard fighting Oswego eleven, 18—0. Again Bill Reynolds' breakaway running proved to be the highlight of the game when the pint-sized halfback scored all 18 points. Being pushed back to the shadow of its own goalposts, the Irish line and the offensive backs proved too much and the home team took over on their own 10. With Reynolds and fullback Gene McLaughlin applying the driving force, the Irish marched straight up the field with Reynolds scoring from the 2 on an off-tackle play. In the first five minutes of play in the third quarter the Maroon and White scoring machine started rolling again and ended up with Reynolds on a fake pass shooting straight through the Oswego line covering 40 yards to tally. Attempting a pass on the Aquinas 10, the Oswego passer threw the ball straight into the arms of Reynolds who had little trouble racing the 95 yards for the final 6 points. McLaughlin and Reynolds shone on offense while guards Slayton and Kohlman and center DiGirolamo stood out on defense.

18---0

AQUINAS VS. C. B. A.

Before 5300 fans, the largest crowd assembled in Edgerton Park Paddock in over a decade, Aquinas eked out a close decision in the rubber game of a ten-year feud with its traditional rival from Syracuse, C. B. A.—12—9.

The first team to score on the Irish this year, C. B. A. drew first blood when Bob Cannan's end zone punt was blocked by the hard charging forward wall of the Salt City gridders early in the second quarter, and then the gun for the half sounded. C. B. A.

held a two-point lead.

The Irish came roaring back after the intermission, scoring within three minutes of the third quarter when Bill Reynolds fired a 30-yard pass on a reverse to end Bob LaVigne who gathered it in and romped the remaining 10 yards unmolested. The attempt for the conversion failed. Again one of Reynolds' bullet-like passes found Boerschlein on the 20, and after several plunges by McLaughlin and a long run by Reynolds, the ball rested on the C. B. A. 1-yard line. From there McLaughlin bulled over for the second Irish touchdown. Again the attempted conversion failed.

Not to be denied, C. B. A. came back with a brilliant passing combination, Racciatti to Britt, which clicked consistently. One of the short heaves over the line found its mark, and after gathering it on the run, Britt raced 35 yards for the score. The conversion split the uprights, but Aquinas led 12 to 9. The remainder of the game was a see-saw

affair which ended with Aquinas deep in Syracuse territory.

The game was featured by the brilliant passing of Billy Reynolds; the plunging of "Smiley" McLaughlin? and the fine kicking of Bob Cannan which kept the invaders out of Aquinas' territory all afternoon.

12---9

AQUINAS VS. ELMIRA

Outscored 13 to 6, but never outfought, Aquinas suffered its second setback of the year in one of the most bruising high school football games ever witnessed on the Edgerton Park turf, to a powerful Elmira High School aggregation. With Semski and Owens providing the power, Elmira marched from its own 45 after the kickoff until Semski bulled over guard for the score. As the attempted placement split the uprights it appeared as though the game would end in a rout for the Blue and Gray gridders.

Proving that they were still in the ball game the Irish came roaring back with Pierce carrying the ball from his own 35 to the 44 in two plays. On a buck lateral, Bill Reynolds was shaken loose and he went all the way to the 15 before he was knocked out of bounds. Aquinas scored a few plays later when Pierce tallied from the 5. McLaughlin's placement was blocked and the score stood at 7 to 6. Aquinas' bid for victory was blotted out

as Owens intercepted a Maroon aerial and romped 30 yards to pay dirt behind a screen of blockers late in the third period. The attempted placement was wide and the Elmirians were kept from the Aquinas goal for the remainder of the game by McLaughlin's fine

puting.

Costigan played brilliantly at end, throwing the Elmira backs for a loss of 30 yards on two plays. The entire Maroon line, led by Costigan, Boerschlein and Cattalani, was a credit to Aquinas football as they battled the heavier Elmira forward wall to a standstill. In the backfield it was the fine running of Reynolds, Pierce and McLaughlin and the equally fine defensive play of Reynolds that stood out.

13---6

AQUINAS VS. CANISIUS

Traveling to Buffalo for their only out-of-town game this season the Maroon and White gridmen were knocked from the ranks of the undefeated by a very heavy and

powerful Canisius eleven—13 to 0.
Gaining possession of the ball on

Gaining possession of the ball on the Irish 35 at the kickoff, Canisius began a drive that was not to be halted until it had crossed the Irish goal line. The heavier Canisius line, favored by a deep mud, opened wide holes in the Aquinas forward wall and finally scored with Connelly taking it over from the 3-yard line. The placement for the extra point made the score 7 to 0.

The Irish came back fighting with an attack of their own sparked by the alternate carrying of Pierce, Reynolds and McLaughlin which carried the ball all the way to the Knights' 6-yard line. Here the Canisius line tightened, gained possession of the ball on

downs and kicked out of danger.

Canisius scored again before the half ended mainly due to the fine running of Connelly who crossed the Irish goal line for the second time after runs of 25 and 10 yards.

The attempted placement was wide.

The second half was a duel between the two forward walls, with Aquinas penetrating deep into Canisius territory twice, but each time lacking the final punch to put it over. The game was marked by the fine defensive work of Reynolds and DiGirolamo and the hard running of Cannan, McLaughlin and Pierce.

7-0

AQUINAS VS. DE SALES

Held to only one touchdown at the half and only two at the three-quarter mark, the

fighting Irish of Aquinas put on a fourth period burst of power to overwhelm their lighter but stubborn foe from Geneva, 37 to 0.

After the second stringers could score only one touchdown in the first half, which came on a pass from Smith to DeBottis, the Maroon regulars went into the game and a

few minutes later Bill Reynolds went off tackle for the second Irish score.

At the opening of the fourth period Reynolds heaved a long pass to Boerschlein which raised the total to 18 points. After an exchange of punts gave Aquinas the ball in DeSalles' territory, it was Reynolds once again as he went around right end behind fine blocking for another touchdown. There was no stopping the Irish now and shortly afterwards Wesley intercepted a DeSales pass and raced 45 yards behind a screen of blockers to add another tally. Slayton's placement split the uprights and in the fading moments of the game Marasco threw a 30-yard pass to Hart in the end zone to end the scoring.

37---0

AQUINAS VS. ST. JOE'S

In traditional Aquinas fashion, the Maroon and White came from behind after a first quarter touchdown by their oldest rival, St. Joe's of Buffalo, to write an exciting finis to another football season before some 4,000 fans at the old U. of R. field, 27 to 6.

A surprisingly strong St. Joe grid team threw a scare into Aquinas rooters as they scored with a brilliant passing attack before seven minutes of the first quarter had elapsed

for a 6 to 0 advantage.

The Irish found themselves at the opening of the second quarter and on a neat reverse pass, Bill Reynolds flipped a 40-yard aerial to John Costigan in the end zone to even up the score. The Irish scored again shortly before the half on another pass play this time from Reynolds to Pierce and Slayton's placement made the score 13 to 6.

Joe Cattalani's recovery of a St. Joe fumble gave Aquinas the ball in St. Joe territory late in the third period and two plays later Reynolds snatched a pass from Pierce out of the air in the midst of three St. Joe defenders and scampered 20 yards to pay dirt. Slayton's placement was good and Diehl's pass to DeBottis added the final touchdown. Art Gordiner's off-tackle plunge netted the extra point.

This, the fifth victory of the year for the Irish was due mainly to the fine passing and running of Billy Reynolds, the plunging of "Smiley" McLaughlin, the excellent kicking of Ray Pierce and the brilliant end play of John Costigan and Dutch Boerschlein who with tackle Joe Cattalani stopped many plays before they reached the line of scrimmage.

BASKETBALL

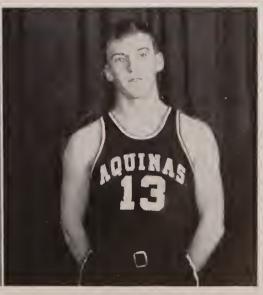

The '42-'43 edition of the Maroon and White basketeers was entirely a junior outfit blessed with an abundance of speed, experience, good shooting eyes and plenty of will to win.

The first to feel the might of this aggressive combination was Spencerport of the Monroe County league who fell to the Irish cagers 32—20. Pacing the Maroon and White attack was Joe Culhane with 14 points.

The Irish continued their winning ways as they rolled over their next four opponents in order, building up a five game winning streak. DeSales was taken easily, 38—18, next came Sodus, 28—16; Williamson, 33—23 and a football defeat earlier in the year was avenged at Canisius, 31—16.

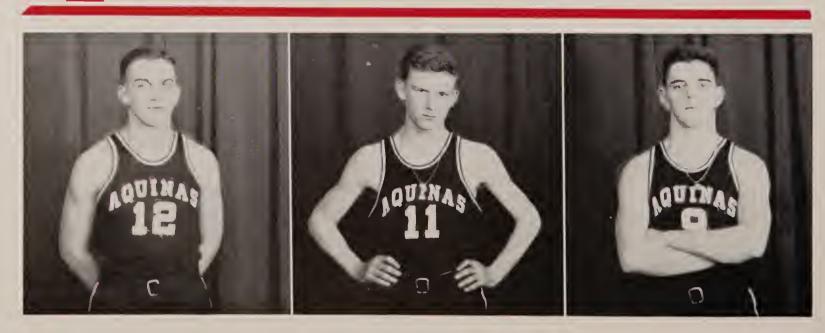

It took one of the best teams developed at Batavia in recent years to halt the high-flying Irish. Bill Graham's fine defensive playing kept Aquinas in the game as Batavia's height under the boards spelled defeat for the Learymen, 35—26.

Coming back to their old form the Dewey Avenue boys took the measure of Sodus for the second time, 49—31, and the following week Spencerport again fell to the fighting Irish, 39—27.

An inspired Canisius team ruined Aquinas' attempt to build another win skien by handing them their first loss on their home floor, 23—20, but their traditional rival from Syracuse was not as fortunate as the Irish dumped them on their home court, 33—26.

Despite the 14 point total of Joe Culhane and the nine point effort of Sonny Kohlman, Aquinas bowed at Williamson, 34—31. The Irish then made it two in a row over DeSales, 24—17, but faltered in the stretch dropping the last two games to Batavia and

C. B. A. Batavia, the only team to defeat the Irish twice this year, grabbed a close decision as Bill Graham threw in 11 points and Joe Culhane 10. Joe Culhane's absence from the line-up was sorely felt as C. B. A. avenged a loss earlier in the season by tripping the Irish at Rochester, 26—22.

Even in defeat the Maroon and White cagers never stopped trying and with Tom O'Hara, Don Diehl and Bill Graham doing the play making and Joe Culhane and Sonny Kholman the scoring, the '42-'43 basketball team wrote another successful chapter in Aquinas basketball history.

MISSION BOUTS

Aquinas gym on the night of April 17 brought to a close the 1943 Aquinas Mission bouts, the most successful in the history of boxing at Aquinas.

The cream of the crop of 102 scrappy young fighters who survived nine torrid nights of elimination bouts met to determine the champions of the school in their respective classes.

Nine kings were crowned as Abe Raff, nationally known referee, acted as third man in the ring and Red Smith bellowed forth as announcer.

It took two 100 lb. mighty mites, Bob Koenig and Dave Maher, not much heavier than the gloves they were swinging to steal the show as they went three rounds and never stopped swinging once. The judges' nod finally went to Koenig, but not before he had absorbed his share of punishment as Maher battled all the way.

The best performance of the evening was given by Tom O'Hara, 147 lbs. of speed, as his remarkable boxing ability and fancy footwork completely baffled Don Cretelli who showed plenty of ability in earlier fights.

The heavyweight crown was retained by Ange Nicchitta on a split decision which might have gone either way, as Andy Dominas proved to be a more than capable challenger.

The light-heavy toga was taken by Jack Tripi on another close decision as his heavier punching overshadowed Bob Cannan's keener boxing ability.

In the 135 lb. class, Red Seward won a unanimous decision over Earl Gleason. Bob O'Connell decisioned Tom O'Connor in the 118 lb. class, Bayer decisioned Pocket for the 126 lb. title, Don O'Connell decisioned Mike Mulhern for the 112 lb. crown and Jack Costigan decisioned Dick Decker in the 160 lb. class to complete the evening's entertainment.

AQUINAS BOWLING LEAGUE

THE AQUINAS BOWLING LEAGUE under the new leadership of the Reverend William Duggan brought to a close on April 19 its most successful season. Featuring a twenty team circuit, the league met at Ridge Bowling Hall every Monday for 24 weeks and amassed a prize money total of over \$200. The officers, Frank Stadler, Jim Donovan, and Tom Spiegel, handled the league affairs most successfully. Much credit is due to Tom Spiegel for his splendid work in printing the "Bowling League Bulletin" which for the second year kept the boys aware of all the league's activities.

Although the club lost many men during the year to the armed forces, including two of its better known bowlers, Gene Fava and Dom Giancursio, their places were filled and the league functioned smoothly. The 1943 Varsity Bowling team consisted of Tom Spiegel, Frank Stadler, Jim Donovan, Bill Schoepfel, Bob Weltzer and Dick Baum, with each man alternating in each game in order to give a five man team. Suffering only one defeat in ten matches, and that from the alumni, the team enjoyed its most successful year. Many of these bowlers will undoubtedly be heard from again in Rochester's bowling circles for the bowlers this year showed a tremendous amount of interest in the sport and gained from it sportsmanship, and improvement in competition which will help them to a great extent in the future.

SENIOR BOWING TEAM

BASEBALL

If the year 1943 is to be remembered at all, it should be remembered as the year in which baseball and relations with other high schools of Rochester were resumed. Competitive sports with local teams had been dead for 22 years, and baseball has been unheard of, except in a small way for the past 10 years here at Aquinas.

The football season brought to light the prospect of playing these other high schools, basketball fostered it along, but it was baseball which finally brought the dream into realization.

It was not a simple task to iron out the problems of this undertaking, but we sincerely hope and feel that once again Aquinas has been established as a "regular" in the inter-scholastic program.

To those who made this possible, especially Fathers O'Loane and Duggan, and "Mort" Leary, our coach, we say from the bottom of our ever-grateful hearts—Thank you very much!

GRATIAS

The Arete is the historian of the Senior Class of 1943. To the students whose efforts have made it the success that it is, we, the class of 1943, desire to express our sincere gratitude.

The following persons are those to whom the Arete owes most of its success:

FATHER MEYER—who directed the publication of the Arete.

ARTHUR CURRAN—our Editor-in-Chief, who has labored diligently and prudently in producing this senior annual.

NORMAN LADD and WILLIAM SCHOEPFEL—who led the financial direction of the Business Board with such great vigor.

JAMES DONOVAN and WILLIAM ECHTER—whose leadership on the Literary Board aided so successfully the work on the Arete.

ROBERT HEIER—for his photographic assistance.

MR. FURLONG, MR. SCHIFFERLI and MR. ZWIERLEIN—for the valuable assistance they have rendered.

All the members of the Arete Staff for their efforts toward its publication.
